Where Water becomes Leisure - actv's destination

What is Paddle In Spain ?

- It is a website created by people involved in tourism and in the world of kayaking who realized that there was a lack of information regarding all the great recreation in Spain
- It is the perfect meeting point between adventurers and our beautiful country: SPAIN
- It is the one who will take care of your clients on destination providing competitive prices, tailor made itineraries, and organizing a personal, professional and specialize way concerning all type of activities around Spain.
- All the centres that are part of Paddle in Spain have been visited, tested, and totally recommended on the site by us, giving you an honest evaluation, and offering the best service on each location.
- We provide efficiency, tons of imagination and fascinating experiences for incentive travel, special interest groups, corporate events, family tours...
